

George Senderling Award

George Senderling had been in Scouting nearly all his life. With over 80 years in Scouting, George loved to give back to the youth.

In his honor, we have established the George Senderling Award which is to be given to a registered Scouter who, over many years, has given time and energy to the Scouting program but has not been recognized at the District or Council level.

This award is meant to honor those, who like George, have enthusiastically given a large portion of their life to Scouting.

Please make your nominations using this form and include a thorough history of your candidate's qualifications for the award. Return this form no later than March Roundtable or email before then to Jacqui Prince at jlnorton83@gmail.com so our committee can select a recipient.
